# Technical Communication (14th Edition)

## Synopsis

For courses in Technical Communication. Comprehensive, user-friendly instruction in workplace writing, technical communication, business writing Today's employees are tasked with writing documents such as emails, memos, letters, and informal reports, as well as more complex forms of communications such as formal reports, proposals, web pages, and presentations. Technical Communication, Fourteenth Edition builds upon the authority of the previous editions by clearly guiding students to write documents persuasively, effectively, and with an eye towards technological innovations and global communications. It incorporates the interpersonal, logical, ethical, and cultural demands of these different forms of workplace communications and provides students with the necessary skills to navigate these nuisances. Building on research and writing skills and touching on the importance of ethics, the authors prepare students for technical writing in any field. Also available with MyWritingLab, MyWritingLab is an online homework, tutorial, and assessment program designed to work with this text to engage readers and improve results. Within its structured environment, readers practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts. In addition to the full eText, activities directly from the text are available within MyWritingLab. These include the written assignments, readings from the text, review exercises and more. Note: You are purchasing a standalone product; MyWritingLab does not come packaged with this content. Students, if interested in purchasing this title with MyWritingLab, ask your instructor for the correct package ISBN and Course ID.
